# eTandem language learning

## An alternative learning mode to develop students' English speaking competence

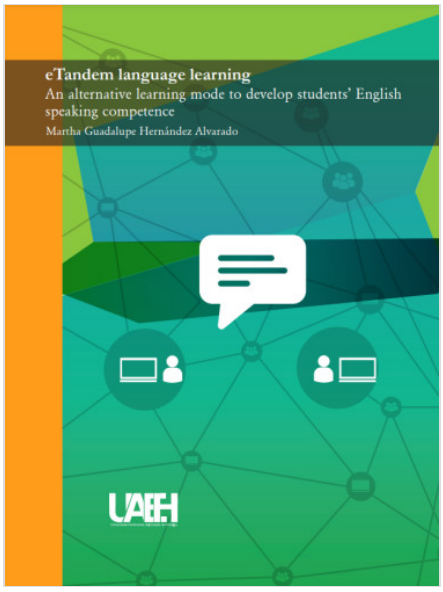

**Autor**

*Martha Guadalupe Hernández Alvarado*

**Sinopsis**

Previous studies have revealed the potential of eTandem language learning for language and intercultural learning between native speakers of two different languages. Most research however has focused on the development of learners writing skills through synchronous and asynchronous written CMC (Computer-Mediated Communication) such as e-mail, electronic bulletin boards, and textbased chats.
