Innovative ways of knowledge representation and management

Autores

Carlos Mario Zapata Jaramillo, Guillermo González - Calderon

Sinopsis

Knowledge is the key for success. The adequate treatment you make on data for generating knowledge can make a difference in projects, processes, and networks. Such a treatment is the main goal of two important areas: knowledger representation and management. Our aim, in this book, is collecting sorne innovative ways of representing and managing knowledge proposed by several Latin American researchers under the premise of improving knowledge
